Prairie Plein Air Artists – 2019 Paint Out/Exhibit Schedule

“The Prairie Plein Air Artist’s mission is to facilitate opportunities to paint en plein air! Plein air loosely means painting outdoors or in the open air. This style or approach is born in part out of the impressionist movement early this century. It requires painting on location. We refer to these outings as “Paint Outs”.

On our group “paint outs” we set up on a site at a time when the light/shadows will be most dramatic usually earlier in the morning or later in the day towards evening and render a painting within a relative short period of time generally up to 2 hours. The time is limited because the intent is to capture the scene (light/shadows/mood/colors) at one particular moment in time and if you spend more time then that the scene changes forcing you to chase the sun/shadows which becomes counter-productive. The resulting painting can be considered finished or you can put finishing touches on back at the studio with the aid of a photograph/memory/or sketch. These paintings are often considered to be “studies” which can be used later in the studio to paint a larger (grander) painting referring to the study for color/mood etc.

PPAA welcomes artists of all experience levels and all forms of medium to participate in our “Paint Outs” with us. These “paint outs” are not demonstrations, or workshops, however, our members are ready, willing and able to share their knowledge and experience with you! For more information and schedule of future “Paint Outs” go to <http://prairiepleinairartists.com/>

“Looking Forward with BAA”

Karen Knutson will bring her painting and teaching skills to our summer workshop next year - **June 25-27, 2020.**

Karen will be teaching charcoal pours along with wire drawing during the 3 day workshop. Karen believes that painting should be fun, and gives lots of individual help. She is known for her enthusiastic demonstrations and lessons in good design.

We will again be working with UND to offer 1 CEU for K-12 art teachers.
