

January, 2020

*Happy New Year*click

**Dickinson Museum Center**, is planning an art exhibit featuring BAA artists for February 1st-28th, 2020. The exhibit is for photography only. Photographs need to be at the museum between January 20th and January 24th, accompanying the photo should be a card with the title, name of the artist, telephone number and the price if it is for sale. The museum will not be able to sell the art works but can and will give out the artist's information. All photographs should be hand delivered to the Dinosaur museum front doors even though the display will be in the Joachim Museum wing.

**BAA Summer Workshop June 25<sup>th</sup> -27<sup>th</sup>, 2020**  
**Karen Knutson Charcoal Pours and Wire drawing**  
**Trinity High School Art Room,**  
**Dickinson, ND.**

**Day 1: Charcoal Pours:** students will make a charcoal pour by throwing a bucket of water on a charcoal powered surface. Then while the pour is drying, students will learn how to do wire drawings.

**Day 2: Painting and Collage:** Using the dried charcoal underpainting, students will paint the subject, using watercolor, and adding collage, creating a textural masterpiece! Students may pick whatever subject they prefer (White birds or White flowers don't work well for this). Karen will demonstrate a crow or a cardinal, but florals also work well.

**Day 3: Painting Landscapes:** Students will be painting landscapes with a charcoal pour beginning, charcoal makes great markings on trees. They will incorporate wire drawing into the landscapes. These are drawings that look like wire sculptures, are done using permanent markers. If you struggle with drawing, you will do better than other accomplished artists, because wrong lines are good! Karen believes that painting should be fun and gives lots of individual help.

Workshop fees will be \$125.00 per day or 3 days for \$300.00 and entry forms will be ready in January. If you are interested in receiving an entry form, email: [jan.stromborg@gmail.com](mailto:jan.stromborg@gmail.com)
