## **The Badlands 51st Annual Fall Art Show**

The Badlands 51st Annual Art Show is an open show. An “open” show means that you do not have to pass a judge to get into the show. The Badlands Art Association is a small group; this is our major event for the year. We do the show in order to offer artists of all abilities the opportunity to showcase their work and to give the public a chance to see the wide range of art being created in our area. The three-day regional fine art show features many dif-

ferent media including clay pottery, oil paintings, watercolors, pencil/pen sketches, and photography.

There are three divisions to the show: amateur and professional, plus a student show. *Student entries are coordinated through local schools.*

To enter the Badlands Art Show, you must submit the Call for entries form listing your art entries. The Call for entry forms for the adult divisions have been mailed to BAA members. You **DO NOT** need to be a member to enter the BAA show. See below for more information.

## “Looking Forward with BAA”

### **Karen Knutson Charcoal Pours and Wire drawing Dickinson, ND. June 23rd through June 25th, 2022**

Karen Knutson is a lifelong teacher and artist. She is a dynamic instructor, willing to work with each participant, and she will encourage you in your next steps as a developing artist. Open to high school students through adults. The following is a **tentative** workshop schedule

**Day 1: Charcoal Pours:** students will make a charcoal pour by throwing a bucket of water on a charcoal powered surface. Then while the pour is drying, students will learn how to do wire drawings.

**Day 2: Painting and Collage:** Using the dried charcoal underpainting, students will paint the subject, using watercolor, and adding collage, creating a textural masterpiece! Students may pick whatever subject they prefer (White birds or White flowers don't work well for this). Karen will demonstrate a crow or a cardinal, but florals also work well.

**Day 3: Painting Landscapes:** Students will be painting landscapes with a charcoal pour beginning, charcoal makes great markings on trees. They will incorporate wire drawing into the landscapes. These are drawings that look like wire sculptures, are done using permanent markers. If you struggle with drawing, you will do better than other accomplished artists, because wrong lines are good! Karen believes that painting should be fun and gives lots of individual help.

We will again be working with UND to offer 1 CEU for K-12 art teachers.

Mark these days on your calendar. Registration will officially begin in January.
